Experience

MLE/DS Jan 2026 – Present
Sberbank, Risk Division, Credit Decisions Department

- Trained scoring models for multiple credit products.
- Worked on the transition from boosting models to transformer-based models for credit scoring.

Research Intern (part-time) Jun 2025 – Dec 2025
SPbU Centre for Artificial Intelligence and Data Science

- Worked on anomaly detection tasks in time series, including electricity consumption data.
- Reproduced methods from research papers, implementing algorithms from scratch and adapting existing code. Benchmarked and tuned these methods on client-provided industrial tasks.

Mathematics Teaching 2023 – 2024

- Taught mathematics courses.
- I specialize in real and complex analysis, functional analysis, and stochastic processes.

Education

ITMO University 2026 – Present
Master's degree in Artificial Intelligence

Yandex School of Data Analysis 2025 – Present
External student

Saint Petersburg State University 2021 – 2026
Bachelor's degree in Mathematics, GPA: 4.72/5.00
Faculty of Mathematics and Computer Science

Awards

YADRO Scholarship 2025 – 2026
Scholarship awarded by YADRO

Mathematics Term Paper Competition Winner 2025
Saint Petersburg State University

Skills

Programming	Python, C/C++
Databases	PostgreSQL, PySpark
Machine Learning	Graph Neural Networks, Reinforcement Learning, Natural Language Processing, Computer Vision
Languages	English (C1), German (B1), Russian (native)

Conferences

Euler Institute Youth School on Mathematical Analysis 2026
Euler International Mathematical Institute, Attendee

Algebraic Topology, Hyperbolic Geometry, and Computer Data Analysis 2024
HSE University, Attendee

Modern Mathematics Summer School 2023
MCCME, Attendee
